

online review Schloss Salder

I went to the castle Schloss Salder in Salzgitter because I am interested in history. This amazing castle is 415 years old and one of the most popular sights in Salzgitter. On your exciting tour in the museum, you can discover the history of the city Salzgitter,

you can learn something about the earth and you can visit art exhibitions.

I think for children it is very interesting to see old toys and a school from one hundred years ago.

And a great highlight is the Ichthyosaurus.

Another really exciting part of this museum is outside. You can visit the ice age-garden and find out about the lives of the Neandertaler. Take your time and don't forget to go up the Bockwind-mill. From the top, you can enjoy a great view over the castle!

If you have time, you can do a workshop in the museum. You can find information about the workshops on the homepage of the castle: www.salzgitter.dekultur.

The castle is located in Salzgitter Salder, Museumsstraße 34. You can get there by bus, by bike or by car. If you go by bus, take the 602, 612, 613 or 630 with the busstop “Museumstraße”. There are also many free parking places for cars. It is open from Tuesday to Saturday from 11:00am to 5:00pm and on Sundays from 10:00am to 5:00pm. The entry is free.
